

You are invited to take a

"Behind-the-Scenes Tour" of the North City Water Reclamation Plant

4949 Eastgate Mall, San Diego

North City Water Reclamation Plant

In celebration of National Public Works Week, the City of San Diego Public Utilities and Engineering and Capital Projects Departments have teamed up to host a "Behind-the-Scenes Tours" of the North City Water Reclamation Plant.

Recycled water is suitable for outdoor irrigation and many industrial and commercial uses. Witness first hand the recycled water treatment process, learn interesting facts about the steps taken to turn wastewater into recycled water and how we protect public health while maintaining San Diego's unique environment.

Recycling water is part of the City's efforts implemented to conserve our natural resources which will ensure San Diego's environmental sustainability.

**Tuesday, May 18, 2010
10:00 a.m.–11:30 a.m.**

Reservations required as space is limited

Call (619) 533-4207

**See back of invitation
for directions**

"Behind-the-Scenes Tour" of the North City Water Reclamation Plant
